

Registering for a Keystone Login & Signing In to PA-SHARE

Becoming a PA-SHARE registered user is a two-step process. You must first register for a Keystone Login account and then sign in to PA-SHARE. Keystone login is the commonwealth's online user authentication system. Once you have signed in to PA-SHARE, you are considered a Basic user.

Note! If you work for the Commonwealth of Pennsylvania and have a "pa.gov" email, you do not need to register for a Keystone login. You will sign in to PA-SHARE with your CWOPA email and password.

Step 1: Keystone Login Registration: keystonelogin.pa.gov

Go to the **Keystone login website** and click **"Register"** to create your personal **Keystone login**. The username and password you create here will be your username and password for PA-SHARE. *Wait at least 30 minutes between creating your Keystone login and signing in to PA-SHARE.*

Important! Your username cannot be your email address or include any special characters like @#% and you must include an email address in the "Contact Information" section to sign in to PA-SHARE.

If you have a Keystone login, click "Log In" to sign in to verify your credentials work and your email is listed before signing in to PA-SHARE. Keystone login help can assist with resetting a username and account problems.

Step 2: Sign in to PA-SHARE: <https://share.phmc.pa.gov/>

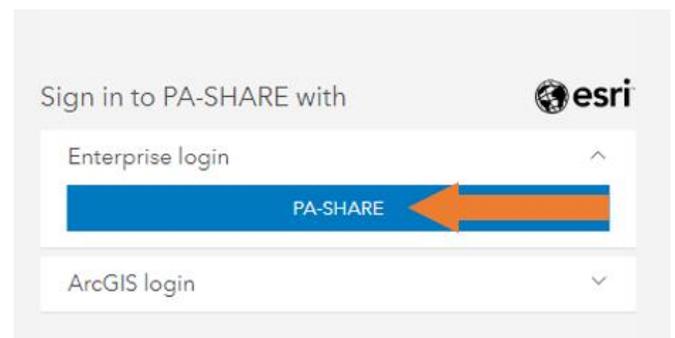

PA-SHARE is a web application that replaces the former Cultural Resources GIS (CRGIS) system and the PA SHPO's existing paper-based systems.

PA-SHARE users can search for and locate historic properties and archaeological sites using GIS technology, retrieve and download information about these places, submit and track submissions, and manage project communications related to PA SHPO's programs electronically from the convenience of their home or office.

Go to the **PA-SHARE website** and click **"Sign In."** PA-SHARE can be used in Chrome, Edge or Firefox. Internet Explorer is not supported.

Next, a disclaimer window will appear. Click "I Accept" to continue. **Important!** Make sure your browser is set to allow pop-ups.

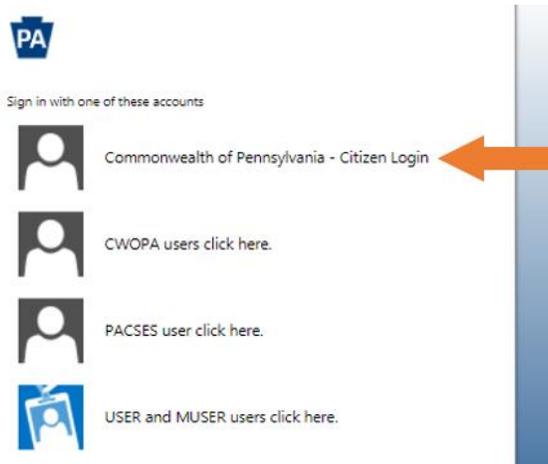

After the disclaimer disappears, a window titled "Sign In to PA-SHARE with" will appear.

Click the blue "PA-SHARE" button in the "Enterprise login" box. If you do see the blue "PA-SHARE" button, click in the "Enterprise login" box to open it.

Registering for a Keystone Login & Signing In to PA-SHARE

Step 2: Sign in to PA-SHARE (cont'd)

Next, another window titled “Sign in with one of these accounts” will appear on your screen.

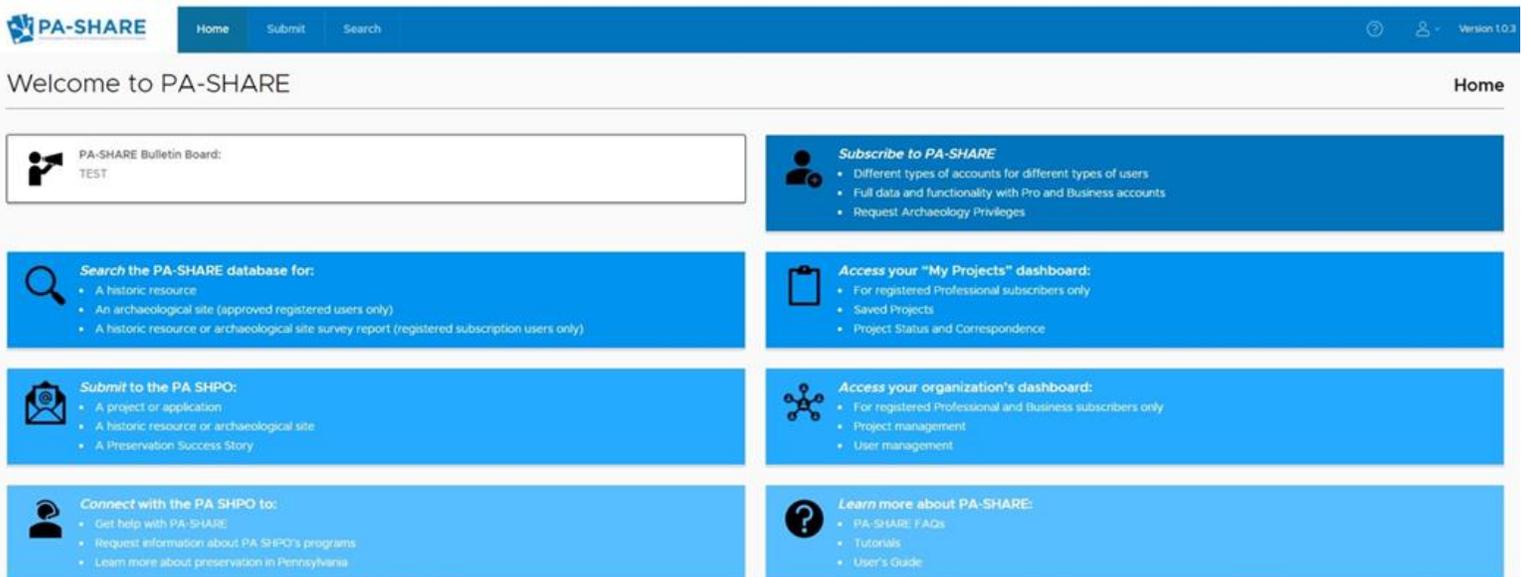

Click “Commonwealth of Pennsylvania – Citizen Login” to log in using your Keystone login.

Finally, a third window titled “Commonwealth of Pennsylvania – Citizen Login” will appear on your screen.

Type in your Keystone login username and password and then click “Sign in.”

You have successfully signed in as a registered user with Keystone Login when you see the “Welcome to PA-SHARE” screen.
